91-1200 Waiemi St. Ewa Beach, HI 96706 • (808) 206-6922 • evsumibcay@gmail.com

Objective

Quality & Patient Safety Manager leveraging expertise in performance improvement, regulatory compliance, and data-driven patient safety strategies to elevate clinical outcomes, strengthen system reliability, and drive organizational excellence.

Professional Summary

Results-driven nursing professional with 17 years of healthcare experience and proven expertise in quality improvement, patient safety, and regulatory compliance. Skilled in leading multidisciplinary initiatives, analyzing clinical data, and implementing evidence-based practices to improve outcomes. Recognized for fostering a culture of safety, collaboration, and continuous improvement across healthcare settings.

Experience

MAY 2026 - PRESENT

Manager - Quality & Regulatory Affairs | Queen's Medical Center – West Oahu | Ewa Beach, HI

Provides leadership for hospital-wide quality, patient safety, and regulatory compliance programs by directing performance improvement initiatives, overseeing accreditation readiness, ensuring adherence to CMS, Joint Commission, and state regulatory standards, and managing data reporting for key quality and safety metrics. The role leads multidisciplinary teams in root cause analyses, corrective action planning, and system-level improvements while fostering a culture of safety, accountability, and continuous readiness.

DECEMBER 2021 - MAY 2026

Clinical PI Coordinator/QPS Advisor | Queen's Medical Center – West Oahu | Ewa Beach, HI

Lead and support organizational quality and patient safety initiatives, including accreditation readiness for Joint Commission and Department of Health surveys. Serve as HRO/LENS Board Master Facilitator, successfully implementing high-reliability practices across 27 departments. Coordinate Leapfrog survey submissions and lead fall prevention efforts by collaborating with clinical units, reviewing data, conducting root cause analyses, and driving system-wide interventions. Actively participate in medication safety and clinical ladder committees, providing data-driven insights and performance improvement support. Recognized educator and facilitator for patient safety conferences and performance improvement workshops, promoting a culture of safety and continuous improvement.

MAY 2014 – NOVEMBER 2021

Registered Nurse – Clinical Ladder III | Queen's Medical Center – West Oahu | Ewa Beach, HI

Provided comprehensive care to adult medical-surgical patients across multiple specialties while coordinating interdisciplinary care to optimize outcomes. Served as Relief Charge Nurse and unit Magnet Champion, supporting nursing excellence initiatives. As Falls Champion, led unit-based performance improvement projects, including staff education on fall prevention and proper use of bed alarm systems, resulting in **zero falls for 7 consecutive months**. Drove ongoing fall reduction efforts through improved assessment accuracy and targeted patient safety interventions, including standardized signage and staff awareness tools. Additionally, served as “Med in the Box”

Champion, enhancing patient education on medications and significantly improving unit performance rankings to the **88th–98th percentile**.

SEPTEMBER 2011 – PRESENT (PER DIEM)

Registered Nurse | Pacific Endoscopy Center | Pearl City, HI

Provide per diem nursing care in an outpatient endoscopy setting, supporting patient admissions and post-procedure recovery for EGD and colonoscopy cases. Deliver clear discharge instructions, patient education, and address questions to ensure safe recovery and understanding of procedure findings.

AUGUST 2010 – MAY 2014

Registered Nurse | Queen's Medical Center – Manamana | Honolulu, HI

Delivered patient-centered care across **Kamehameha 3 short-stay surgical unit, Clinical Decision Unit, and med-surg/telemetry float pool**, managing post-operative, observation, and medically complex patients requiring short-term monitoring. Served as Relief Charge Nurse on day, evening, and night shifts, supporting unit operations and team coordination. Precepted new graduate nurses through the residency program and contributed as a Falls Super User. Demonstrated adaptability and strong collaboration while working across multiple units, maintaining effective relationships with interdisciplinary teams and physicians.

JULY 2009 – JULY 2010

Registered Nurse | Virginia Mason Medical Center | Seattle, WA

Completed a structured telemetry residency program with comprehensive training in cardiac care, including classroom instruction, labs, and preceptorship. Provided care for patients with acute and complex cardiac conditions such as chest pain, myocardial infarction, heart failure, and post-cardiac surgery, as well as patients with stroke and neurological conditions. Developed proficiency in cardiac medications and IV drips, while demonstrating strong clinical judgment, effective delegation, and collaboration with interdisciplinary teams to deliver high-quality patient care.

AUGUST 2006 – JULY 2009

Certified Nurse Aide | Queen's Medical Center - Manamana | Honolulu, HI

Provided care across multiple units including medical-surgical, telemetry, and ICU settings as part of the float pool team. Assisted RNs in caring for acutely ill patients and supported activities of daily living. Demonstrated strong teamwork, time management, and attention to patient condition by promptly reporting changes and contributing to safe, coordinated care delivery.
